CAN I REPAY EARLIER?

You can repay the full amount of any borrowing, including accrued interest, at any time without additional fees or penalties. This provides flexibility to finance your purchases on longer terms and decide later if you want to repay early.

CAN YOU SHOW AN EXAMPLE?

Your John Deere Dealer conducts the winter inspection of your 6R tractor. Since you haven't sold your harvest yet, you use your Revolving Credit Facility to finance the purchase over 12 months. After 4 months, you sell the harvest and repay the borrowed amount without fees or penalties, covering only the principal and interest for those 4 months. You can now plan for a successful planting season and use your Revolving Credit Facility again.
